Which plan is right for you?

Questions to ask yourself as you shop for an individual or family health plan.

What costs should I expect for my health coverage?

It's important to know how much you'll pay for monthly premiums, cost-sharing on health care services, and prescription drugs. Depending on your income, you may be able to save on premiums and out-of-pocket costs when you enroll in a plan through the Exchange (Washington Healthplanfinder). Call CHNW to learn if you're eligible for lowered costs.

Will the services I rely on be covered?

CHNW covers a wide range of medical services including preventive, primary, and specialty care, behavioral health, and prescription medication.

Will I be able to keep my doctor(s)?

You'll want to know whether the doctor you see or the hospital you need to go to are in the plan's network. CHNW Cascade Select leverages CHPW's network to offer you more than 180 clinics, 2,700 primary care providers, and 14,700 specialists across the state.

How do I pay my premiums?

The easiest way is to set up automatic payment through E-Bill Express, our secure payment portal. Visit cascadeselect.org/member-center/pay-your-bills/ for more info. You can also submit payment by Electronic Funds Transfer (EFT).

Gold

You pay a higher monthly premium but have a lower deductible before your copay rate takes effect, as well as a lower out of-pocket maximum before the plan pays 100% of covered services. Many services have a flat copay.

Silver

Balanced costs between premium, deductible, and out-of-pocket maximum. Many services have a flat copay.

Bronze

You pay a low monthly premium, but have a higher deductible before your copay/coinsurance rate takes effect, as well as a higher out of-pocket maximum before the plan pays 100% of covered services. Some services have flat copays, others coinsurance (a percentage of the total cost).
