

COMMUNITY HEALTH PLAN
of Washington™

The power of community

NAVIGATOR NEWS

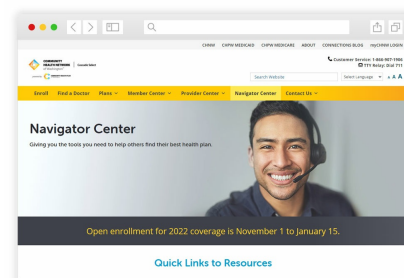

Welcome to Community Health Plan of Washington's Navigator News, a newsletter designed specifically for health insurance navigators like yourself!

You help others find the best health plan. Our aim is to provide you with information to help you do that more efficiently.

New! Cascade Select Navigator Website

New website just for you

As we support Community Health Network of Washington in offering Cascade Select on the Exchange, we also want to support you as a Navigator helping people go through the Cascade Care plans. That's why we've

created a [Cascade Select Navigator Center](#) on the Cascade Select website -- because there are times you need information...fast.

The Navigator Center website is where you can access information, forms, and even downloadable flyers and brochures you can print or send directly to clients. Bookmark it now at cascadeselect.org/navigator-center.

And don't miss our [Navigator Center website for Apple Health resources](#) as well!

Bonus: Our websites –including the Navigator websites – are available in six languages. Just click on the language dropdown box in the upper-right corner of the pages to select your desired language.
